

Capabilities Community Clubs (Day Habilitation)

Our day services are provided to individuals who are either on a Medicaid Waiver or receive funding through their county board of developmental disabilities and transportation is provided to and from the Club through non-medical transportation. Those in our Clubs spend most of their time going on outings or volunteering at local businesses. Some individuals choose to focus on learning job skills to prepare for employment; some choose to learn more about employment and what that looks like; and others choose to focus on how to get involved in their communities to discover new hobbies and recreation. Our Clubs are unique in that they all take place fully in the community, meaning they are non-facility based.

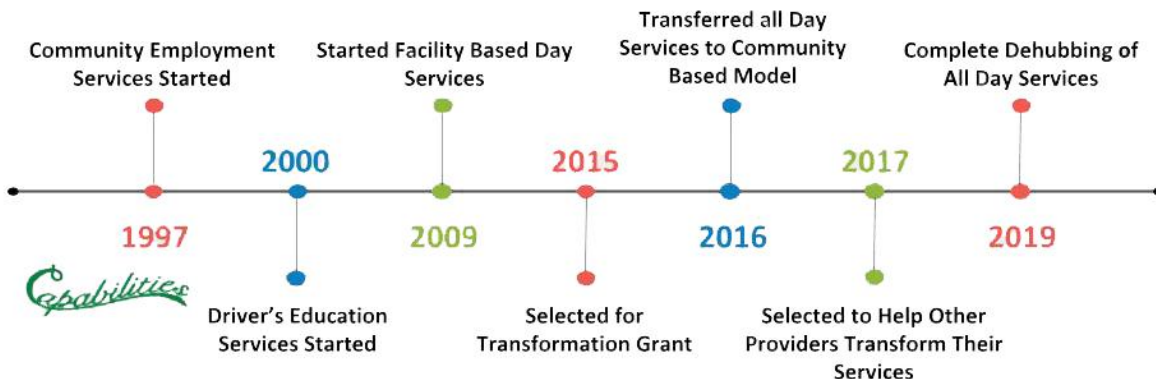

Capabilities is sought after for:

- Comprehensive Services
- Focus on Supported Community Employment
- Flexible Personalized Service
- Optimistic Services and Culture
- One-on-One Customer Service

*The most important question that we ask you is:
How can we help you connect the dots?*

Our History

Service Area

Capabilities is constantly evolving our service area to meet the needs of the people we serve. Please contact us to discuss specific service and geographic needs for your area. Below, each colored star represents a Capabilities Community Club and the counties we serve through our Clubs.

Staff Qualifications

- Of our 190+ employees, a team of approximately 17 staff members provide services through our Community Clubs.
- Each Community Consultant typically supports the same group of Club members each day to provide consistency
- In addition to Medicaid required trainings, all staff receive individualized training for:
 - Supporting people with disabilities (mental health, physical, developmental, cognitive)
 - Best practices in providing supported employment services
 - Local employment markets and local employer needs
 - Health and Safety
 - OOD & Medicaid Services
 - Nonviolent Crisis Intervention Strategies
 - Medication Certification Training

Team Approach

- Community Consultants communicate directly with the person served, the person's support network, and the funding source. They are one member of the person's larger team.
- Our Consultants are supported internally by:
 - Caseload Facilitators – for quality of documentation and communication
 - District Leaders and Branch Managers – for quality of service
 - 190+ Experienced Coworkers – for creativity and advice

Let us help you **Connect the Dots!**

Capabilities Service Overview

Community Employment Services

Our Community Employment services connect the dots between people and their career choices. This can include analyzing working pay in relation to existing benefits, getting ready for employment, helping people find job opportunities, figuring out transportation to the job, helping them learn their job, and/or assisting them in keeping their job. Examples of these services include **benefits education and analysis, work incentives planning, job development, job coaching, on-the-job supports, job seeking skills training, and individual employment supports.**

"I like that Capabilities seems to operate in a professional manner with the consumer's best interests at heart. When there is a conflict, the Career Consultants notify me in a timely manner. Good communication saves everyone time and provides better services to our consumers." - VR Counselor

Community Inclusion Services

Our Community Inclusion services connect the dots between people and community involvement. We assist individuals in being as independent as possible through individualized services. We operate both in small and individual settings to achieve the goals which they have targeted. Examples of these services include **community based day habilitation and travel training.**

"Capabilities is commended for its longstanding relationships with numerous community sites and the diversity in training offered for the persons served." - CARF surveyor 2014

Driving Services

Our Driving Services connect the dots between people and getting and keeping their driver's license. We offer programming to help people find out if it would be in their best interest to drive, get their permit, get their license, and regain their license. Examples of these services include **on-the-road driving, driving assessment, first time driver courses, and online driving courses.**

"Without [Capabilities Driving Services] our son who has Asperger's would not have gotten all the time and experience he needed to pass his driving test first time with 100%. [The instructor] took the time my son needed and encouraged him to succeed." - Parent of Person Served

Transition Services

Our Transition Services connect the dots between people and their future. We offer supports to people in several of life's transition points including those coming from school or facility-based services, reentering the workforce, or starting a new career. We balance the person's individual preferences, the availability of jobs in local markets, level of education needed for careers, and how much money people generally make in careers when helping people decide what career would be a good choice to enter. Examples of these services include **career exploration**, **discovery**, **vocational evaluation**, and **homesite analysis**.

“Capabilities staff did a very good job working with me. They helped me to have a better understanding of everything” – Person Who Received Vocational Evaluation Services

Professional Training

Our Professional Training services connect the dots between people and education resources to work with people with differing abilities. Capabilities offers professional training and programs to people who are looking to serve people with disabilities. Capabilities representatives give accredited presentations to individuals and companies who can benefit from learning more about working with people with disabilities. Examples of these services include **First Aid/CPR/AED training**, **consultation to move providers towards community based services**, and **consultation in best practices in community employment**.

Technology Services

Our Technology Services connect the dots between people and technology. We help individuals and businesses install, maintain, and/or troubleshoot network devices, computers, laptops, tablets, general use programs, and/or assistive technology. Examples of these services include **technology training**, **technology assessments**, **laptop rental**, and **computer repair**.

“When I first came to Capabilities I was really lost, not sure of myself, and my resume was a disaster. I was losing all hope of getting a job. They got me out of that attitude, addressed my needs with skill, and made me [feel] at ease.” – Person Who Received Computer Skills Training

About our CARF Accreditation

Capabilities has been continuously CARF Accredited since 1997. In 2014, 2020, and 2023, Capabilities received no recommendations on our CARF survey, placing us in the top 3% of surveys worldwide.
